

ROADWARRIOR® DPFs and Catalysts

ROADWARRIOR Inc. manufactures a broad range of Diesel Particulate Filters (DPFs) and Diesel Oxidation Catalysts (DOCs) for post-2007, medium to heavy duty trucks and buses. ROADWARRIOR aftermarket DPFs and DOCs are available for all major manufacturers and provide equal or greater performance to OEM parts without the added cost of core charges.

ROADWARRIOR parts are always newly built, never re-manufactured or re-conditioned, and come backed with a one-year warranty.

All ROADWARRIOR parts are manufactured in North America using high quality materials to ensure a long service life.

SUPPORTED BRANDS INCLUDE:

CATERPILLAR FREIGHTLINER ISUZU MAXXFORCE STERLING CUMMINS HINO KENWORTH
PACCAR VOLVO DETROIT DIESEL INTERNATIONAL MACK PETERBILT WESTERN

Not currently available for sale in California

Diesel Particulate Filter (DPF)

All ROADWARRIOR DPFs are a direct fit replacement for the OEM part and provide the same performance at a portion of the OEM cost. Our DPFs also feature value-added design enhancements, such as modular designs to facilitate cleaning, which further reduce operating costs.

KEY FEATURES

- Built out of 409 stainless steel for enhanced durability.
- Packaged using a high-performance mat to provide long-term protection
- Always newly built, never re-manufactured or re-conditioned
- Tested to produce the same emission reduction and backpressure as the original parts
- Simple cross-reference to the OEM part numbers
- No core charges

Diesel Oxidation Catalyst (DOC) and Selective Catalytic Reduction (SCR)

ROADWARRIOR DOCs and SCRs are coated to match the catalytic activity level of the OEM part and reduce emissions.

KEY FEATURES

- Mechanically and chemically engineered to work with OEM sensors and Engine Operating Parameters
- Always newly built, never re-manufactured or re-conditioned
- DOCs are coated with Platinum Group Metals (PGM) matching the OEM coating
- Simple cross-reference to the OEM part numbers
- No core charges
